V1.0 - 260803

MONITOR CR15

The **Monitor CR15** is a compact electric tracked carrier designed to simplify material transport across confined worksites and sensitive terrain. Its quiet, zero-emission powertrain and low ground pressure make it ideal for indoor projects, landscaping and construction applications where conventional material handling equipment may be unsuitable.

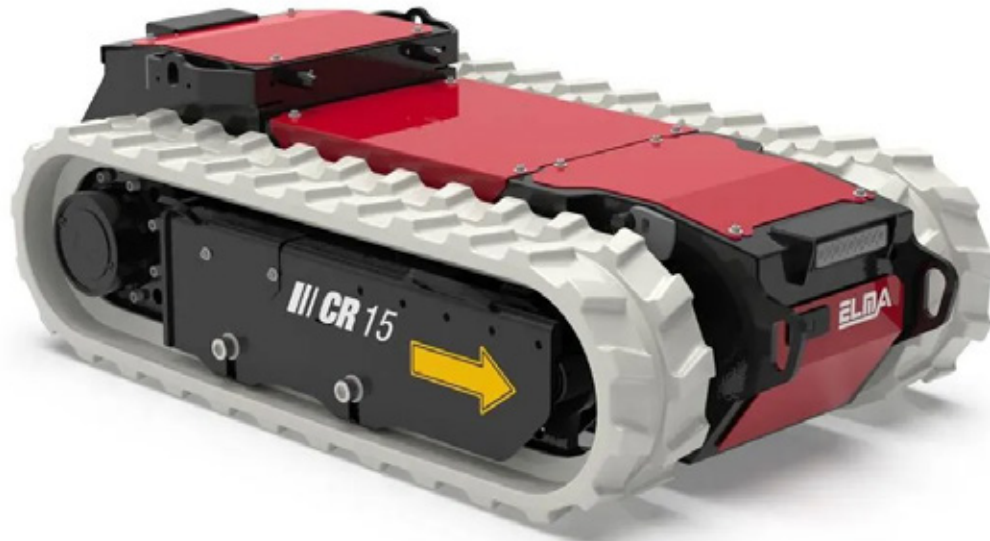

Whether transporting tools, materials or equipment, the CR15 reduces manual handling while improving productivity and workflow. Easy to operate and highly manoeuvrable, it provides contractors with a reliable material handling solution that supports safer and more efficient site operations.

Best suited for:

- Construction
- Landscaping
- Facilities maintenance
- Warehousing
- Indoor material transport

Technical Specifications

	STD
Max. capacity	1500 kg
Max. longitudinal gradient	40°
Max. lateral gradient	30°
Overall width	775 mm
Overall length	1390 mm
Track length	876.5 mm
Track width	180 mm
Ground clearance	44 mm
Max. speed	4 km/hr
Electric motor power	4.4 kW
Voltage	48 V
Lithium battery capacity (1 standard battery)	60 Ah
Lithium battery capacity (2 standard battery)	120 Ah
International Protection	IP67
Controller: radio remote control	Yes
Gross weight	380 kg

(All specs E&OE and subject to change)
