@MonitorAUS

V1.0 - 260803

MONITOR CR30

The **Monitor CR30** combines greater carrying capacity with the efficiency of a fully electric tracked carrier, helping operators transport heavier loads across demanding worksites with ease. Its tracked undercarriage provides dependable traction and low ground pressure, allowing materials to be moved confidently across uneven terrain while minimising surface disturbance.

From construction and civil works to landscaping and industrial maintenance, the CR30 improves productivity by reducing manual handling and streamlining material movement. Quiet, efficient and easy to manoeuvre, it delivers dependable performance wherever reliable transport is essential.

Best suited for:

- Civil construction
- Landscaping
- Industrial maintenance
- Warehousing
- Material transport

Technical Specifications

	STD
Max. capacity	3000 kg
Max. longitudinal gradient	40°
Max. lateral gradient	30°
Overall width	795 mm
Overall length	1750 mm
Track length	1236.5 mm
Track width	200 mm
Ground clearance	43 mm
Max. speed	4 km/hr
Electric motor power	4.4 kW
Voltage	48 V
Lithium battery capacity (2 standard battery)	120 Ah
Lithium battery capacity (with additional battery)	180 Ah
International Protection	IP67
Controller: radio remote control	Yes
Gross weight	495 kg

(All specs E&OE and subject to change)
