V1.0 - 260610

WINLET 1000

The Winlet 1000 Glass Handling Lift has a unique compact design, superior range and six hydraulic functions—making it the most advanced glass lift on the market today.

With a unique compact design, superior range and six hydraulic functions, the job can be carried out safely, without back injuries and on time.

Manufactured in Denmark, It is extremely efficient and of high quality construction. It can lift up to 1000kg with ease using vacuum/suction cups to hold the glass secure. Its telescopic boom provides up to 4.1 m of reach.

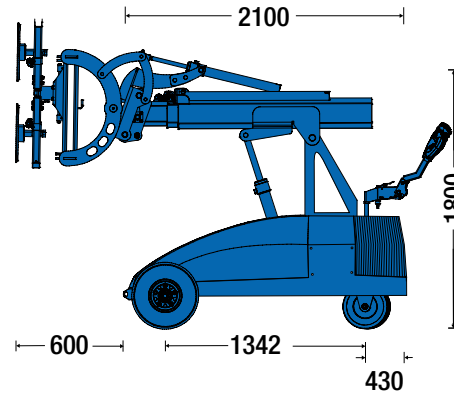

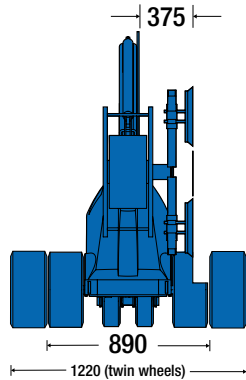

The Winlet 1000 is ideal when handling any of the following: Granite, Concrete, Plasterboards, Steel plates, Wooden plates, Tiles, Fire doors

1000kg
LIFTING CAPACITY

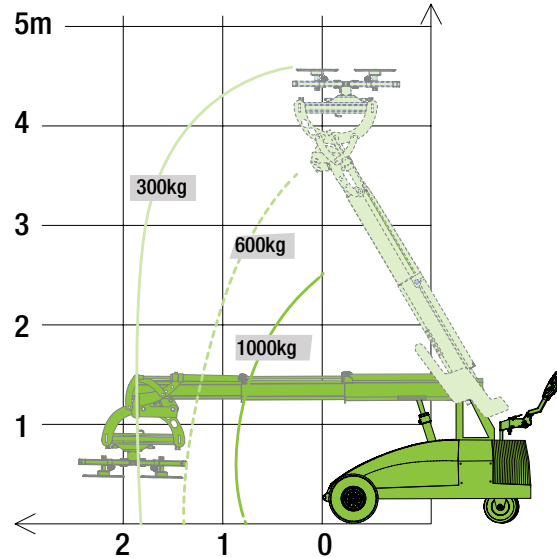

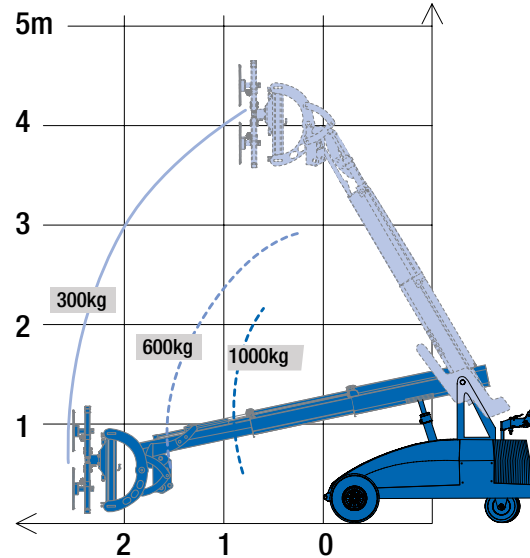

Technical Specifications

Pick up and place

Reach
