V1.0 - 260610

MORBARK BVR13

Require more features than the BVR10 wood chipper offers? Elevate to the BVR13 Wood chipper with additional features such as dual feed wheels, hydraulic lift and crush, higher horsepower, manual crank discharge, and available winch package option.

Remove the anxiety of engaging the chipper drum, damaged drive belts, and burned clutch discs and elevate your operating experience with the exclusive Morbark ZeroClutch.™ Simply start, throttle the machine to full RPM's and engage the feed control bar. The Morbark ZeroClutch features an integrated drum speed sensor that monitors the drum speed and will not allow the clutch to engage if material is lodged between the feed wheel and drum.

Technical Specifications
