# MONITOR TC1 NEXT GEN

The TC1 Next Gen is a state-of-the-art transport carrier designed for efficiency and versatility in confined spaces.

Compact enough to pass through standard doorways, it offers unparalleled accessibility for indoor and outdoor applications. With a load capacity of up to 1,000 kg and a low center of gravity, the TC1 Next Gen ensures stability and precise handling, even on steep inclines or uneven surfaces.

Its innovative design includes multiple tool configurations, such as a platform, turntable, and lifting scissor, allowing it to adapt seamlessly to various transport and lifting needs. Operated via a remote control, it offers exceptional user convenience and accuracy. Its efficient battery system provides reliable power, requiring only 4 hours to fully charge, ensuring minimal downtime.

The TC1 Next Gen is the perfect solution for industries requiring compact, powerful, and adaptable transport carriers.
