CMC S22HD

monitor
Access

The CMC S22HD is an articulated platform with a pantograph, a two-stage telescopic boom, and a jib. This combination, along with its outriggers with high levelling capacity, three working areas, and long horizontal reach, makes it ideal for all outdoor work, even in extreme conditions.

In addition to the potential of the articulated stabilisers with high levelling capacities, the S22HD features an unrivaled aerial part: 21.6 m of maximum working height and 12.5 m of outreach, plus a jib, with a maximum load capacity of 230 kg.

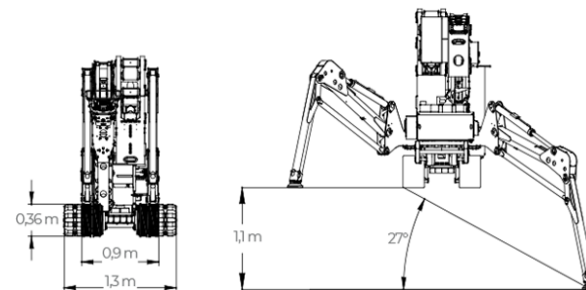

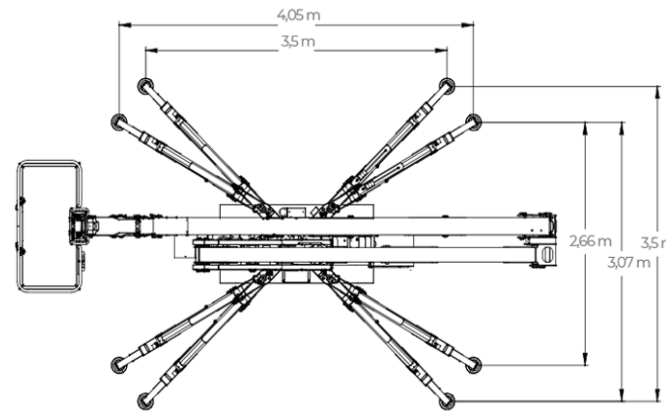

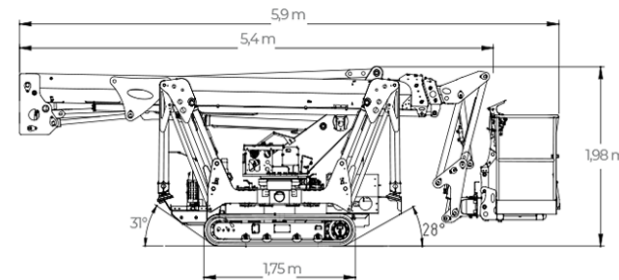

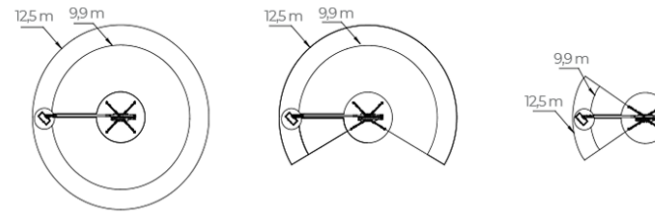

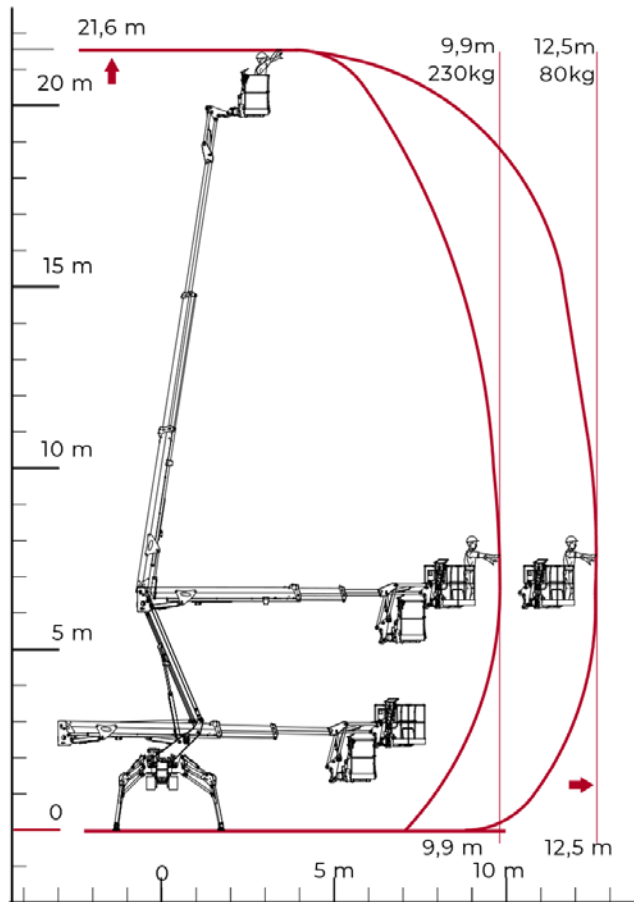

Thanks to the three working areas and multiple travel speeds, the S22HD is a track platform with truly exceptional performance, suitable for every job.

21.6m
WORKING HEIGHT

Technical Specifications

| | |
|---|---|
| Max working height | 21.6 m |
| Max platform height | 19.6 m |
| Max horizontal outreach (with 80 kg) | 12.5 m |
| Max rated capacity | 230 kg |
