V1.0 - 250328

# MONITOR E250PXJ

The Monitor E250PXJ Truck Mounted Lift is a versatile 25m telescopic knuckle truck-mounted EWP with a fly jib—an agile unit with excellent outreach.

The Monitor E250PXJ is designed to accommodate two people and tools, with a maximum rated capacity of 220kg, depending on the truck and outrigger configuration.

Despite its compact size and low tare weight, the Monitor E250PXJ can still provide a 24.8m working height and a 14m horizontal outreach.

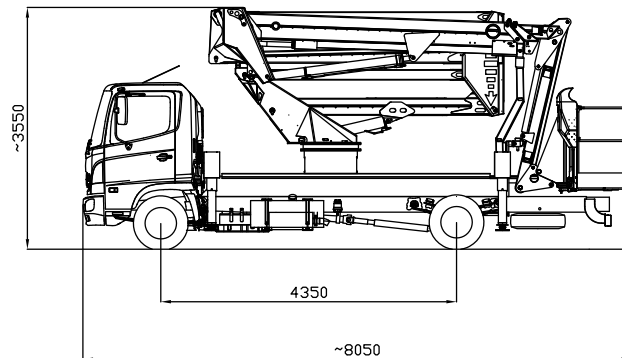

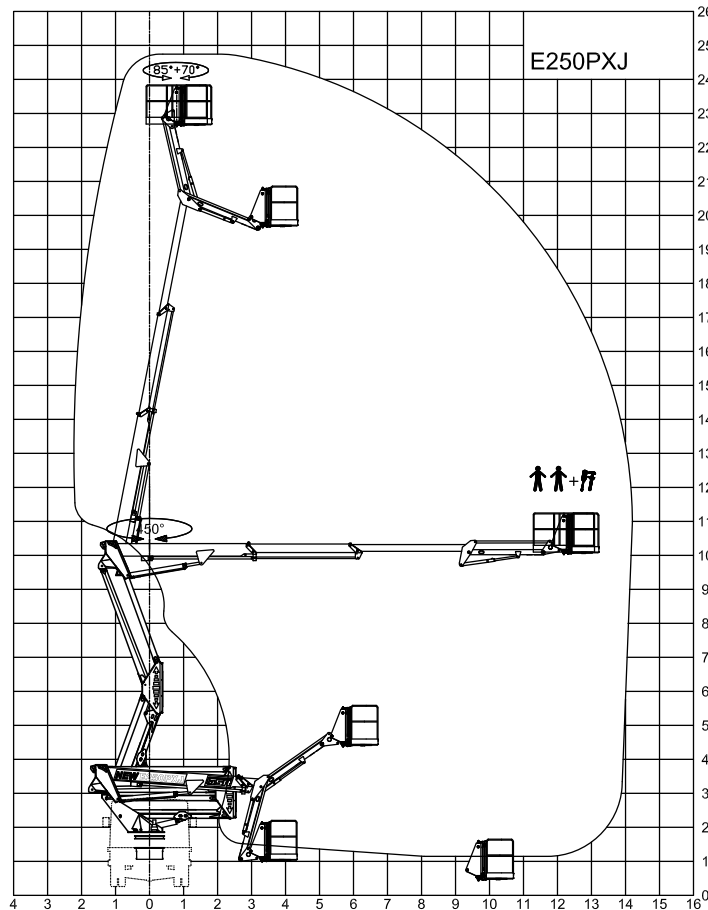

Equipped with proportional hydraulic controls, this unit ensures exceptionally smooth operation and precise manoeuvrability, even at full height and outreach.

# TECHNICAL SPECIFICATIONS
