CONDITIONS:

1. This registration applies only to the design described above which has been notified to WorkCover NSW in accordance with the OHS Regulation 2001.
2. The plant owner will require a copy of this certificate. A copy of the certificate must therefore be supplied to the manufacturer so that it can, in turn, be provided to the supplier and owner with the item of plant or equipment.
3. WorkCover NSW reserves the right to audit the registered design at any time to assess compliance with its Acts and Regulations. If an audit is undertaken, detailed information may be requested relating to the design of the plant. Design systems of work and documentation may also be audited. If an audit identifies non-compliance, all plant built to that design may require modifications, and in some cases, may be prohibited from use.
4. This Registration is automatically invalidated if the design is altered to an extent that requires new measures to control risks. A person must not use, or cause or allow plant manufactured to the original design to be used at a workplace unless notification of the alteration, or the prescribed form, has been confirmed by WorkCover NSW.
5. The Registration Number should be quoted in all correspondence to WorkCover regarding this item. Any queries should be addressed to WorkCover's Licensing Unit.

Dear Sir

**Re: Model/ID No Leguan 110-200 Boom Type Elevating Work Platform
Registered in the name of All Crane & Hoist Consulting
& Inspection Services**

Your correspondence dated 20 November 2003 relative to the above has been received.

It is acknowledged that a copy of the Victorian design registration **V0320467** has been lodged in accordance with section 15(2) of the Queensland Workplace Health and Safety Regulation 1997.

Plant to this design has been assigned a Queensland design reference number **Q21300** and may require individual registration for use under Section 10 of the Workplace Health and Safety Regulation 1997, before commissioning on site in Queensland.

Your attention is drawn to Part III of the Workplace Health and Safety Act 1995, which places an obligation on designers, importers, suppliers and others to ensure that plant is safe and without risk to health when used properly.

Should you have any further queries, please do not hesitate to contact Michael Chan on telephone number (07) 3872 0584.

Yours faithfully

Confirmation Number: V0320467 **Date of Confirmation:** 10 November 2003

Published technical standards or engineering principles listed by designer and confirmed by design verifier: AS 1418.10 - 1996

IMPORTANT INFORMATION

1. This confirmation applies only to the above design, which has been notified in accordance with the above-named Regulations. WorkCover has not verified that the designer has complied with the design obligations prescribed by the Regulations or the above mentioned technical standards or engineering principles.
2. The plant owner will require this confirmation and therefore a copy of it should be supplied to the manufacturer, so that it can in turn be provided to the supplier and owner with the plant or equipment.
3. The Regulations require the designer to keep and maintain in a suitable state for examination all records required by the Regulations for a period of 10 years.
4. WorkCover reserves the right to audit the notified design at any future time to assess compliance with the above Acts and Regulations. If an audit is undertaken, the notifier or the plant owner or both may be asked to supply detailed information relating to the design of the plant. Design systems of work and documentation may also be audited. If an audit identifies non-compliance with the Acts and Regulations, all plant built to that design may require modifications and, in some cases, may be prohibited from use.
